Revised June 2020

Dear prospective students and families

Welcome to our school. Pioneer is a school that lives up to its name - we truly are a pioneering learning community, committed to innovation and continuous improvement.

Our vision is to be partners in learning for the twenty-first century in an innovative, inclusive and caring community. This statement captures our desire to work together to prepare students for the exciting, challenging and rapidly changing future in which they will live and work. In enacting our vision, we strike a balance between, on the one hand, preserving proud traditions and instilling important values and, on the other, providing an innovative and responsive curriculum based on the latest educational research and world best practice.

Since its foundation in 1986, Pioneer has forged a reputation for excellence in a range of fields, across academia, the arts and sport. Our innovative LEAP program provides unique enrichment opportunities for Junior Secondary students in partnership with CQ University. Our school is part of the Queensland Minerals and Energy Academy, providing exciting opportunities for students to learn about and engage with the booming mining industry. Pioneer's Arts programs allow students to excel in drama, music, dance, visual art and film and television. Our Future Stars program provides coaching for high-performing athletes and our students have enjoyed success in a diverse range of sports, including futsal, soccer, touch and volleyball.

Pioneer is an inclusive and caring community. Each student is assigned to a Care Class and their Care Teacher provides ongoing pastoral care and support. Students and Care Teachers in each year level are supported by a Year Coordinator, who oversees a proactive Student Wellbeing curriculum and assists students in their positive engagement at school. The school also has a wide range of support personnel to assist students. Our school uses the highly acclaimed Positive Behaviour Support (PBL) program to teach responsible and positive behaviour and to ensure that we provide a safe and supportive learning environment for all students.

While our school is built on strong traditions, Pioneer is a school of innovation and we are always seeking to provide new opportunities and embrace new ideas to ensure that every student is prepared for a fulfilling life and rewarding career in an increasingly complex and competitive world. Pioneer is a mindful community, committed to enhancing students' use of the Habits of Mind: sixteen powerful habits that support thoughtful and intelligent action. Pioneer is implementing a rigorous and research-based teaching and learning framework to ensure a consistent, evidence-based and best-practice approach to teaching in all areas of the school.

I invite you to join our community on our journey of learning and innovation.

Best wishes

Matthew Horton
Principal

Application to enrol in a Queensland State School

This sheet contains information on how to complete the Application for Student Enrolment Form (SEF-1 Version 7).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol an applicant if they are entitled to enrolment. While not exhaustive, a list of matters which may affect an applicant's entitlement to enrolment are included on the front cover of the enrolment form.

Questions which must be answered* The Application for Student Enrolment Form contains a number of questions marked with an (*) which must be answered. These include – Prospective student demographic details, Prospective student address details, Family details, Religion – Religious Instruction, Country of birth, Emergency contact details, Prospective student medical information, Court orders and the Application to enrol. These questions and consent are considered necessary to ensure the school can undertake its administrative and care responsibilities. Sections of the form not marked (*) are optional. However, failure to complete these sections may result in the school not being eligible for important Federal and State Government funding.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are being asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Sighting of birth certificate

Schools are required to sight a prospective student's birth certificate. An alternative to a birth certificate will be considered where it is not possible to obtain a birth certificate (e.g. person born in a country without a birth registration system – passport or visa documents will suffice). Prospective mature age students that provide appropriate photographic proof of identity do not need to present a birth certificate.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Evidence of Prospective Student's Immigration Status

This section is required to be completed when a prospective student is not an Australian citizen and information is required to be recorded about their passport and visa.

Medical information and emergency contacts

A prospective student's medical condition, symptoms, management and medication/s must be documented. Medical conditions may include (but are not limited to) seizures/epilepsy, fainting, diabetes, asthma, heart problems, anaphylaxis and allergies (such as food or insect stings). Parents must indicate if they are an emergency contact.

Three additional emergency contacts are also required.

Religion - Religious Instruction Applicants are asked if they would like the prospective student to participate in religious instruction. From Year 1, the prospective student may participate in religious instruction if it is available. PIONEER STATE HIGH SCHOOL

Introduction to the State School Consent Form (attached) for Pioneer State High School

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- What information we record
- How we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006* or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/third parties.

Media sources used

Following is a list of online and social media websites and traditional media sources where the school may publish your child's personal information or student materials subject to your consent.

- School website: <https://pioneershs.eq.edu.au>
- Facebook: <https://www.facebook.com/PioneerStateHighSchool/>
- Local newspaper
- School newsletter
- Traditional and online media, printed materials, digital platforms' promotional materials, presentations and displays

The State School Consent Form does not extend to P&C run social media accounts or activities, or external organisations.

Duration

The consent applies for the period of enrolment or another period as stated in the State School Consent Form, or until you decide to limit or withdraw your consent.

During the school year there may be circumstances where the school or Department of Education may seek additional consent.

22. Parents must inform the school if items on the list of resources are not received.
23. Non-payment of the participation fee by designated payment date(s) may result in debt recovery action in accordance with the

Department's [Debt Management procedure](#). In such cases, the Principal may:

- require the return of items provided by the SRS
- withhold the provision of any further items under the SRS

31. Schools may distribute information and invoices to parents in the year preceding the SRS but all invoices must have a minimum of 30 days for payment.
32. Parents must be given the option annually to choose not participate in the SRS.
33. In return for payment of the participation fee, the SRS will provide participating students with the resources and materials as outlined in the school SRS documents.
34. SRS moneys received are to be expended only on student resources outlined in the school's SRS and must not be expended on other items or used to raise funds for other purposes.
35. As the SRS operates for the benefit of participating parents and is funded primarily from participation fees, the school retains control of the resources and determines the rules around their availability to non-participants.
36. A student entering the school during the school year is entitled to pay a pro-rata fee to participate.
37. Where participation fees have been paid and a student leaves the school during the year, schools must determine if parents will be eligible for a pro-rata refund. This calculation will also take into account any pro-rata allocation of the TRA (if eligible) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, parents will be liable to pay this balance of funds.
38. The replacement cost of any resource will be up to the maximum value (subject to depreciation where appropriate) of the acquisition cost to the school, as detailed on the annual SRS information provided to parents.
39. Schools may initiate debt recovery action in accordance with the debt management procedure where a parent has an outstanding debt.
